

# Frontiers of Synchrotron X-ray Scattering McMaster University, Hamilton, ON

**Friday, December 3, 2004**

11:45 AM - 1:00 PM      **Lunch** - University Club, West Room

## Symposium and Workshop - Council Chambers, **Gilmour Hall 111**

1:00 PM - 1:30 PM:	Welcome and Charge to the Participants-	<b>Bruce Gaulin</b> McMaster Univ.
1:30 PM - 2:15 PM:	"Progress and Scientific Opportunities at the Canadian Light Source"	<b>William Thomlinson,</b> Executive Director, CLS
2:15 PM - 3:00 PM:	"Inelastic Scattering Under High Pressure With Synchrotron Radiation"	<b>John Tse,</b> U of Saskatchewan
3:00 PM - 3:30 PM:	<b>Coffee break</b>	
3:30 PM - 4:15 PM:	"X-ray Scattering From Materials of Biological Relevance"	<b>John Katsaras,</b> NRC
4:15 PM - 5:00 PM:	"Inelastic X-ray Scattering Study of Cuprates"	<b>Young-June Kim,</b> U of Toronto
5:00 PM - 5:30 PM:	"Possibilities and Constraints for Scattering Infrastructure at CLS"	<b>Detong Jiang,</b> CLS
Dinner 6:30 PM -	University Club Dining Room – on the lower level
