

Canadian Centre canadien  
Light de rayonnement  
Source synchrotron

Organized by the CLS Users' Advisory Committee  
Organisée par le comité consultatif des utilisateurs du CCRS  
Ingrid Pickering, Chair/Présidente

# 10<sup>th</sup>/ième Annual Users' Meeting Rencontre annuelle des utilisateurs

Saturday, June 16 / Le samedi 16 juin 2007

## Workshops / Ateliers

Sunday, June 17 / Le dimanche 17 juin 2007

- Recent Advances in Condensed Matter Physics with Synchrotron Radiation
- Recent Progress in Studying Biomaterials with Synchrotron Radiation
- Illuminating to New Depths: Our Understanding of Surface Phenomena
- Industrial Applications of Synchrotron Radiation
- Soft X-ray Spectromicroscopy and its Applications

## Public Lecture / Conférence grand public

Sunday, June 17 / Le dimanche 17 juin 2007

Herzberg Public Lecture:  
Nobel Laureate Carl Wieman  
Co-creator of the Bose-Einstein condensate

## Keynote Scientific Speakers

**Janos Kirz** - Advanced Light Source  
**Serge Desgreniers** - University of Ottawa  
**Dean Chapman** - University of Saskatchewan  
**Andrew MacMillan** - University of Alberta  
**Kenneth Kemner** - Argonne National Laboratory

## The CLS - View from the CIHR

**Christine Fitzgerald** - Executive Vice-President,  
Canadian Institutes of Health Research

## Sessions

Facility Update  
Latest Results from the CLS  
Young Scientist Talks  
Poster Session and Vendor Exhibit

## Banquet Speaker

**Herman Winick** - Stanford University & Stanford  
Synchrotron Radiation Laboratory

Canadian Light Source  
University of Saskatchewan  
Tel./Tél. (306) 657- 3700 Fax/ Téléc. (306) 657-3535
